SQU 7 Competition Rules

SQU 7.1 The competition will be run in accordance with the rules of the [England Squash](#).

SQU 7.2 Service The server will be decided at the beginning of the match by a racket spin.

SQU 7.2.1 The server continues to serve until they lose the point – the opponent then becomes the server.

SQU 7.2.2 At the beginning of each game and each rally, the server has the choice of serving from either service box and should then alternate for as long as they are serving.

SQU 7.2.3 The ball must be served direct onto the front wall between the service line (middleline) and the out line (top line) so that on its return, unless volleyed, its first bounce lands within the back quarter of the court opposite to the server's box.

SQU 7.2.4 A service is a fault:

- If at the time of striking the ball the Server fails to have at least one foot in contact with the floor within the service box, and no part of that foot touching the line surrounding the service box (called a foot-fault).
- If after releasing the ball the Server fails to strike it before the ball falls to the floor, touches a wall, or touches anything the server wears.
- If the Server fails to strike the ball directly onto the front wall between the service and the out lines.
- Unless volleyed by the Receiver, the first bounce of the ball on the floor is not in the quarter court opposite the serves box.
- If the Server serves the ball out.

SQU 7.3 Play After a good serve has been delivered, players must return the ball between the bottom line and the top line on the front wall, alternately until one or the other fails to make a good return, or the ball otherwise ceases to be in play.

LYG Squash 2025

Entry Information & Rules

SQU 7.3.1 A return is good if the ball, before it has bounced twice on the floor, is returned by the striker onto the front wall, without touching the floor or any part of the striker's body or clothing.

SQU 7.3.2 If any part of the ball touches the out lines the ball is deemed out, or if the ball hits the tin or the floor on its second bounce the ball is deemed out.

SQU 7.4 Lets Any service or stroke deemed a let shall not count and the server shall serve again from the same box.

SQU 7.4.1 A Let may be allowed if:

- The striker refrains from hitting the ball owing to a reasonable fear of injuring the opponent.
- The striker, on the way to playing the ball, incurs sufficient interference to impede their access to the ball when the striker would have otherwise played a good shot.
- The referee is asked to decide an appeal and is unable to do so.
- If the receiver is not ready, and does not attempt to take the service.
- The ball breaks during play.
- An otherwise good return has been made, but the ball goes out on its first bounce.
- The ball touches a receiver, then the ball is effectively 'not up'.

SQU 7.5 Points A player wins a stroke if:

- The server fails to make a good serve.
- The opponent fails to make a good return of the ball in play.
- The ball in play touches the opponent or anything carried or worn by the opponent whilst on the way to the front wall.
- A player drops the racket, or calls out or in any other way distracts the opponent, and the referee considers this to cause the opponent to lose the stroke.
- The ball hits the ceiling or any object outside of the court.
